### 5c) Provision of Pharmaceutical Services at New Pharmacy 68c&d Countesswells Road

The application is both necessary and desirable because the Neighbourhood population is large. There is a new housing development nearby at Kepplestone which is not finished yet and the Aberdeen structure plan has a future planning development of 3000 units to the west of the pharmacy at Countesswells. Success of the new Great Western medical practice is clear and the pharmacy would be similar as parking is easy and it would be centrally located next to the local supermarket and post office in the centre of the Seafield and Countesswells community. The primary care strategy is shaping up for services ideally located near peoples homes.
