

## NHS GRAMPIAN

### Performance Report

#### 1. Actions Recommended

The NHS Grampian Board is asked to review the Performance Report and the actions being taken to address those areas where our performance is not in line with plan.

#### 2. Strategic Context

The Performance Report summarises key areas of performance which includes, but is not limited to, national standards.

The overall approach that we adopt is that performance management is integral to the delivery of quality and effective management, governance and accountability.

#### 3. Key matters relevant to recommendation

The areas that we have highlighted within the report cover the following areas:

- Unscheduled care
- Delayed discharges
- Elective Care
- Child and Adolescent Mental Health Services
- Financial position
- Other intelligence from Information Services Division (ISD) and other publications

#### 5. Responsible Executive Director and contact for further information
